

# tomm child

I am a person who loves a good challenge, it's the best way to discover new ideas and ways of thinking. If people didn't challenge themselves then they wouldn't ever get the chance to grow and change. I believe change is good, therefore, challenge is good. And I am going to keep challenging myself so that I can be the best.

## **Education:**

BA(Hons) Graphic Design, 2009 (*pending*)
